ProSentry
Building Monitoring, Simplified®

A leak starts. The clock starts.

Catch leaks early. Lower your insurance costs.*

1. LEAK DETECTED
Location-specific information identifies the point of risk.

2. LIVE ALERT
Operators contact building staff with actionable details.

3. STAFF RESPONDS
The source is addressed before damage spreads.

Proven Results From Select Prosentry Buildings

6,000+ Water events detected in 18 months | **0** Resulting claims

Become a ProSentry Certified Building

Certified buildings may receive between **8 to 12%** in homeowners' insurance premium discounts.*

*Select homeowner insurance carriers offer discounts for eligible policies. Discounts vary by carrier. Contact your insurance broker for details.
